

Early Childhood Screening

Early Childhood Screening is a free and simple check of how your child is growing, developing and learning.

Screening at 3 is preferred, but a child may be screened between the ages of 3 and the start of kindergarten as required by law.

What to expect at a screening appointment:

A trained professional will check:

- Vision and hearing
- Height and weight
- Immunizations (shots)
- Large and small muscles
- Thinking, language and communication skills
- Social and emotional development

education.state.mn.us

What to bring to a screening appointment:

- Any questions you have about your child's growth and development.
- Your child's immunization record (shots).
- Your child's primary health care provider (doctor) name and number.

More information:

This screening may help you link to other free learning opportunities, such as pre-kindergarten programming, Early Childhood Family Education (ECFE), Minnesota early learning scholarships for high quality care and education, Head Start, Home Visiting, and Early Childhood Special Education.
